

# thyme to start kicking fossil fuels to the curb ;-)

Our *good natured*™ herb packaging is 99% plant-based, contains no BPAs or other nasty chemicals and won't cost you an arm and a leg. Imagine that!

**good,  
natured**  
better everyday products

No BPAs, phthalates or other nasty stuff

99% annually renewable plant-based materials

Up to 60% reduction in CO<sub>2</sub> emissions

## *good natured*™ TFF02000 plant-based packaging material compared to RPET

Feature	Our Stuff	RPET	The Deets
Price	♥	♥	Priced the same as what you're paying today.
Performance	♥	♥	As good or better than the old school stuff. Period.
Made from 99% annually renewable material	♥		Our raw ingredients grow back every year, unlike petroleum that grows back every 1 kazillion years or so.
Recyclable	♥	♥	Up to 35% recycled plant-based material goes into our packaging.
Contains no BPAs, phthalates or other chemicals of concern	♥		Check this out. There's stuff lurking in everyday food packaging too. <a href="http://www.packagingdigest.com/food-packaging/what-chemicals-of-concern-are-in-your-food-packaging-2018-06-08">http://www.packagingdigest.com/food-packaging/what-chemicals-of-concern-are-in-your-food-packaging-2018-06-08</a>
Lower CO <sub>2</sub> emissions	♥		Up to 60% reduction from cradle to gate.
Compostable	♥		Our packaging will break down into organic material within 180 days in an industrial composting facility.
Made in the USA	♥	♥	Made in the same US facility as today.
